## Experience

B2B Growth

LinkedIn Specialist

June 2020 - Present (2 years 2 months)

B2B Growth burst onto the scene in 2019 with a mission to help companies expand internationally.

Our initial focus is LinkedIn, the world's largest business platform. Unfortunately, most Estonian companies have yet to tap into its full potential. We are here to change that.

Our team is stacked with experienced, ambitious, and divergent thinkers. We don't do 9-to-5. We do whenever and whatever to get the job done to the highest standards.

I write content, do profile makeovers, and help our clients expand their business with lead generation.
